The Highest Class Talking Machine in the World

If You Could Tunnel Through the Earth Where Would You Land?

If you started in New York you would land in China—so our teachers taught us.

In schooldays didn't China mean to you just a yellow patch—Japan a blue one, and so on, according to the map?

As you grew older you learned a little more about Asia. You learned of the quaint customs, the history, the different religions, somewhat of their commercial habits. Knowledge—but little indeed!

When it comes to Asia and its countries most of us are still in the schoolroom, desirous of knowing more and perhaps not knowing how to get it.

ASIA

The American Magazine on the Orient

Swings Open the Doors

ASIA discusses the most immediate and far-reaching Eastern policies. Its articles inform as well as delight you. With ASIA you penetrate into unbeaten tracks of Mongolia and wind caravan-wise through Tibet and Persia. You learn under the guidance of experts, both Eastern and Western, the problems of government, and the racial and national visions of the Eastern countries, China, Japan, India, Turkey, every nation in Asia is brought to you in pictures and words. If you can't go to Asia—Asia can come to you.

To get our just share of commerce—and our future more than ever depends upon our commerce—we must have as a background a closer understanding of the Asiatic countries and their people.

To understand the countries—to know the peoples, their beliefs, prejudices, habits, customs and history—means to be forearmed for a vigorous and healthy trade with them.

The American Asiatic

Association Invites You to Membership.

President of the Association, Major Lloyd C. Griscom, former Minister to Japan.

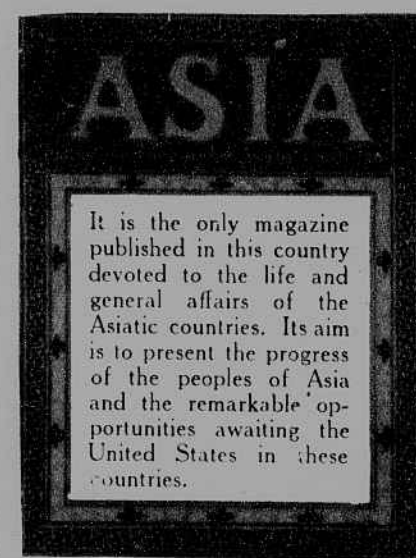

Join now and get a map of Asia, 34" x 38", showing the economic resources—FREE.

ASIA sells for 35c per copy. Through membership in the Association, however, the cost is but \$3.00, including dues. This is a saving of \$1.20.

This will make an unusual Christmas gift.

Membership in the Association and a subscription to ASIA mean your mastery of, and your education in, Asiatic matters. You learn how the Far East lives, thinks and acts.

Help yourself—every member of your family—by joining. The pictures in ASIA are a liberal education in themselves. This offer is open for a short time only. Sign and return the coupon. Do it now and get the map free.

It is the only magazine published in this country devoted to the life and general affairs of the Asiatic countries. Its aim is to present the progress of the peoples of Asia and the remarkable opportunities awaiting the United States in these countries.

Secretary, American Asiatic Association, 527 Lexington Avenue, New York City.

I desire to become an Associate Member of the American Asiatic Association. I send \$3.00 for one year's dues, and of this amount \$2.75 will be used for payment on a year's subscription for the magazine ASIA. This includes the map of Asia free. N. Y. T. 12/15.

A Great Household Convenience

A pound package of Krystalak, at 50c, will make five quarts of milk for cooking—10c a quart—and you know what bottled milk costs you now. It is just pure, dry, separated milk from which all the water has been expelled. Keep it on your pantry shelf and make milk whenever you need it by adding four level tablespoons of Krystalak to one cup of water. Approved by Dr. Wiley, Good House-keeping Institute and leading domestic science authorities.

KRYSTALAK

Cuts Down the Milk Expense

The milkman may fail you—you may run out of milk or it may sour, but with a carton of Krystalak at hand you are never forced to go to the store for milk. It saves a lot of money, too. Will keep for weeks. Requires no icing. Clean and pure, without sweetening or adulteration. Sold only in package shown above.

Free—Book of Fine Recipes

Write today for book of fine recipes, or obtain one free at any of the following stores, which sell Krystalak. Get a pound package and see what a money-saving household convenience it is.

THE DRY MILK CO., 15 Park Row, New York

ISNT this a worthier fate for your Christmas Tree than to be carted away with your rubbish heap "the morning after"? Yes, here it is on your lawn—a permanent "evergreen" treasure—an ornament and a fragrant memory, year after year. How is it done? Just as simple as can be. You order a live, instead of a cut, Xmas Tree from us; we ship it to you in a neat box, in which the tree remains while it is dressed up for the festive occasion; after the merrymaking, at the first pleasant opportunity (New Year's, if you like), the tree is transferred with its ball of earth to its nook on the lawn and planted with ceremony and to the delight of the kiddies. It may be the baby's first Xmas Tree—name it after her! Or let one of the older tots choose a favorite name from storyland. And so each year you add another Xmas Tree to the romantic group—and to your precious assets of beauty and happiness! A word from you (the earlier the better) and we will dispatch your way a 6-ft. high tree (including box) for \$5, delivery prepaid; or an 8-ft. high tree for \$10; or a 10-12-ft. high, \$15. Order for yourself—and as gifts for others (ask, by the way, for our Xmas Folder describing other fragrant, growing, bountiful gifts—a Rose Garden, a Hardy Flower Garden, a "Baby Fruit Orchard," a Grape Trellis, etc.).
